

Resident of the Month

Luz Rivera

“Luz Rivera, our resident of the month, is a remarkable woman. She has been with us at Autumn Lake of New Britain for 9 years.

During her time here, she has been an active member in activities around the facility. Luz loves to play bingo and translate for her Spanish speaking peers. During entertainment Luz will sing along and encourage others to sing and dance as well.

Occasionally she will even bring a small instrument with her and play along to the music. Luz is also a natural leader who encourages others to break out of their shells to try new things. She even leads a small group of other residents who will play cards and dominos in the evening. Luz Rivera is loved by all in our facility and will never fail to raise spirits with her positivity.

We are proud to name Luz our resident of the month!”

Is it time for your loved one to join our family?
